Help fight hunger in Oklahoma by donating product to the Regional Food Bank of Oklahoma. A supply chain alternative that benefits you and your community.

Oklahoma is the sixth hungriest state in the nation, where 632,000 Oklahomans, or one in six, has inconsistent access to healthy food. Supporting the Regional Food Bank helps Oklahomans reach their potential. Since 1980, the Regional Food Bank has increased its programs and services to help close the hunger gap that exists for far too many Oklahomans.

The majority of Oklahomans served by the Regional Food Bank are chronically hungry children, seniors living on fixed incomes and hardworking families who are having a hard time making ends meet. Last year, the Regional Food Bank distributed more than 52 million pounds of food, or more than 43.4 million meals, through a network of more than 1,300 community-based partner agencies and charitable feeding programs and schools throughout 53 central and western Oklahoma counties.

The Regional Food Bank’s administrative and fundraising costs are 4 percent, so 96 cents of every dollar goes to fight hunger.
