

Client Intake Software

Regional Food Bank of Oklahoma has partnered with Link2Feed to bring our partners an easy-to-use solution for client intake processing. We are committed to providing this tool to our partner network, free of cost, as well as the support that is needed to make it a success. [Join in today!](#)

PANTRY

Complete intake and record visits for pantries, TEFAP programs and school pantries to improve client relationships.

CSFP

Automate compliance and streamline program administration to make managing your CSFP caseload easier.

CACFP & SFSP

Increase reimbursements, go paperless and reduce waste to get more meals to kids.

Client Benefits:

- Create your *own* profile from any device
- Consistent customer service through standardized intake
- Secured personal information
- Faster service:
 - Intake at one agency/program only
 - Barcode key-tag for easy check-in
 - Electronic signature capability
- Access to referrals and additional services

Agency Benefits:

- Automates the intake process
 - Quick client look-up
 - Eliminate paper forms
- Real-time reporting
 - Quick downloads (< 1 minute!)
 - Assess needs, understand fluctuations
- TEFAP & CSFP processing
 - No more storing paper client files
 - Automated compliance feature
 - E-signature automation built-in
- Shorten the Line
 - Be more strategic with services and addressing root-cause of hunger

EASY REGISTRATION

Intuitive step-by-step process speeds up registration and makes training simple.

PAPERLESS PROCESS

Eliminate the need for hardcopy client files and increase the security and accessibility of your client information.

AUTOMATED COMPLIANCE

Automated status changes, renewals and electronic signatures ensure you're always in compliance.

GRAPHIC REPORTING

Generate custom reports, including supporting graphics, with the click of a mouse, saving hours of manual tabulation and making analysis easy.
