INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Regional Food Bank of Oklahoma, Inc.

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Regional Food Bank of Oklahoma, Inc., its subsidiary, FoodLink LLC and its affiliate, Regional Food Bank Foundation (d/b/a Regional Food Bank of Oklahoma, collectively referred to as Food Bank), which comprise the consolidated statements of financial position as of June 30, 2019 and 2018, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements (collectively, the financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Food Bank as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2019, the Food Bank adopted Accounting Standards Update No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities.* Our opinion is not modified with respect to this matter.

Report on Summarized Comparative Information

We have previously audited the Food Bank's 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 29, 2017. In our opinion, the summarized comparative information presented herein for the year ended June 30, 2017, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matter

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The accompanying schedule of state awards and schedules of federal and state award contract revenues and expenses - budget to actual contract period to date, are presented for purpose of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2019, on our consideration of Food Bank's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Food Bank's internal control over financial reporting and compliance.

Oklahoma City, Oklahoma September 26, 2019

Hogan Taylor UP

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2019 and 2018

Note 1 – Nature of Operations

Regional Food Bank of Oklahoma, Inc. (RFB) was established in May 1980, and its primary activities include solicitation and receipt of food items from local, regional and national food companies that are distributed to other charitable feeding programs in 53 central and western Oklahoma counties. FoodLink, LLC (FoodLink) and Regional Food Bank Foundation (Foundation) are Oklahoma not-for-profit corporations, which were formed exclusively to support the activities, affairs and programs of the RFB.

The Boards of Directors of RFB, FoodLink and Foundation elected to restructure the organizations effective July 1, 2018. FoodLink Inc. was converted to FoodLink LLC, an Oklahoma nonprofit limited liability company, and will continue to hold real property used in RFB programs and operations. RFB is the sole member of FoodLink LLC. The Foundation, whose Board of Directors is elected by the RFB Board of Directors, will continue to hold investments and operating reserves for RFB. This organizational restructuring did not have any impact on the consolidated financial statements of the Food Bank.

Note 2 – Summary of Significant Accounting Policies

Consolidated financial statements

The consolidated financial statements include the activities and net assets of RFB and its wholly owned subsidiary, FoodLink, and its commonly controlled affiliate, Foundation (collectively, Food Bank). All material intercompany transactions have been eliminated in the consolidated financial statements.

Basis of presentation

The consolidated financial statements have been prepared on the accrual basis of accounting. The assets, liabilities and net assets of Food Bank are reported in two classes of net assets as follows:

- Net assets without donor restrictions: Net assets without donor restrictions are available for use at the discretion of the Food Bank's Board of Directors and/or management for general operating purposes. The governing board has designated, from net assets without donor restrictions, net assets for a board designated endowment. Board designated net assets are subject to self-imposed limits by action of the Board of Directors. Board designated net assets may be earmarked for future programs, investment, contingencies, purchase or construction of property and equipment, or other uses.
- Net assets with donor restrictions: Net assets with donor restrictions consists of assets whose use is limited by donor-imposed time and/or purpose restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or occurrence of a future event specified by the donor. Other donor-imposed restrictions are perpetual in nature.

Cash and cash equivalents

Food Bank considers certificates of deposit, money market funds, and all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. At June 30, 2019 and 2018, Food Bank had \$776,457 and \$765,060 in cash equivalents, respectively.

Contributions

Unconditional promises to give are recognized as contribution revenue in the period the promise to give is made by the donor, and as assets, decreases of liabilities or expense, depending on the form of the benefit received. Promises to give are recorded at the estimated net realizable value. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Food Bank reports gifts of cash and other assets and unconditional promises to give as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as funds released from restriction.

Food Bank reports gifts of long-lived assets as net assets without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, Food Bank reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Contributed food is recognized as support without donor restrictions when received and as program expenses when distributed.

Contract revenues under grants for reimbursement of expenditures are recognized as revenues without donor restrictions in the period in which the expenditures in compliance with the specific grant restrictions are incurred.

Donated services

Food Bank uses, to varying degrees, the services of unpaid volunteers in conducting its warehousing and distribution activities. For the years ended June 30, 2019 and 2018, approximately 44,800 and 40,700 volunteers donated approximately 166,700 and 143,400 hours of service, respectively. No amounts have been reflected in the accompanying consolidated financial statements for such donated services because they do not meet the criteria for recognition.

<u>Inventory</u>

Inventory consists of contributed and purchased food and other products and is valued at prevailing amounts available as of the beginning of the fiscal year determined as follows:

- United States Department of Agriculture (USDA) contributed food items are valued at the amount for one pound of product as established by the USDA.
- Contributed food and other products from other sources are valued at the weighted average wholesale amount for one pound of product as estimated by Feeding America.
 - For the year ended June 30, 2019, contributed food and other products from other sources were valued using the Feeding America report dated June 20, 2018, related to the year ended December 31, 2017. For the year ended June 30, 2018, contributed food and other products from other sources were valued using the Feeding America report dated June 23, 2017, related to the year ended December 31, 2016.
- Purchased food and other products are stated at the lower of cost (determined on the first-in, first-out method) or market.

Investments

Food Bank's investments, which are held under managerial agency agreements, include equity securities, pooled mutual funds, exchange traded funds, U.S. treasury securities, certificates of deposit and money market funds, which are carried at fair value, based upon quoted market prices or dealer quotes. Unrealized and realized gains and losses net of external and internal investment expenses are reported in the consolidated statement of activities. Donated investment instruments are initially recorded at estimated fair value at the date of the donation.

Property, plant and equipment

Property, plant and equipment is recorded at historical cost or estimated value at date of donation. Depreciation of these assets is provided on the straight-line basis over the estimated useful lives of the respective assets, which range from 3 to 39 years. Maintenance and repair costs are expensed as incurred, while renewals and betterments are capitalized and depreciated over their estimated useful lives. Upon disposition, the cost and related accumulated depreciation are removed from the accounts and the resulting gain or loss is reflected in the consolidated statement of activities for the period.

Allocation of expenses

Costs of providing Food Bank's various programs and supporting services have been summarized on a functional basis in the statements of activities. Salaries and wages are allocated based on actual staff position. Administrative expenses are allocated to each area based on an estimate of usage. Occupancy expenses are allocated based upon square footage and communication expenses are allocated based upon headcount.

Capital lease

Food Bank leases transportation equipment under a capital lease, which is recorded at the lower of the present value of the minimum lease payments or the fair value of the transportation equipment at the inception of the lease.

Amortization of the capital lease is computed using the straight-line method over the shorter of the estimated useful life of the asset or the period of the related lease (seven years).

Income taxes

The Food Bank has been determined not to be a private foundation under Section 509(a) of the Internal Revenue Code (the Code) and is exempt from taxes under Section 501(c)(3) of the Code. Continued compliance with applicable tax regulations affords the Food Bank the opportunity to maintain its tax-exempt status.

Use of estimates

In preparing consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions in determining the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of credit risk

Financial instruments which potentially subject Food Bank to credit risk consist of accounts receivable, pledges receivable and investments. Credit risk for all of Food Bank's receivables is concentrated

because the majority of the balances are receivable from individuals and entities located within the same geographic region.

Food Bank maintains its cash and cash equivalents in accounts which typically exceed federally insured amounts. Food Bank has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Food Bank's investments consist of various equity and fixed income securities funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the investment account balances and the amounts reported in the consolidated statements of financial position and the consolidated statements of activities.

Approximately 55% of the pledges receivable balance were from three significant donors at June 30, 2019. At June 30, 2018, approximately 60% of the pledges receivable balance were from two significant donors.

Adoption of new accounting pronouncement

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, which provides more relevant information about available resources (and the changes in those resources) to donors, grantors, creditors and other users. The most significant aspects of the ASU are as follows: (1) the ASU replaced the previous presentation of three classes of net assets (unrestricted, temporarily restricted, and permanently restricted) with two classes of net assets — net assets with donor restrictions and net assets without donor restrictions, (2) expands the disclosures about the nature and amount of any donor restrictions, board designations of net assets without donor restrictions as well as any underwater endowment funds, (3) requires expenses to be presented by nature and function, as well as an analysis of the allocation of these expenses, and (4) requires specific quantitative and qualitative disclosures to improve the ability of financial statement users to assess the entity's available financial resources and the methods by which it manages liquidity and liquidity risk. ASU 2016-14 was adopted on a retrospective basis in 2019. As a result, the Food Bank changed its presentation of its net asset classes and expanded the footnote disclosures as required by the standard.

Accounting pronouncements not yet adopted

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606). The update provides guidance concerning the recognition and measurement of revenue from contracts with customers. Its objective is to increase the usefulness of information in the financial statements regarding the nature, timing and uncertainty of revenues. As deferred by ASU 2015-14, the update is effective for Food Bank beginning with the fiscal year ending June 30, 2020. The standard permits the use of either the retrospective or cumulative effect transition method. Food Bank is currently evaluating the impact this standard will have on its consolidated financial statements and related disclosures, including the selection of a transition method.

In June 2018, the FASB issued ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. The ASU, which becomes effective for the June 30, 2020 year, provides guidance on whether a receipt from a third-party resource provider falls under the contributions standard or whether it is an exchange transaction. Food Bank is currently evaluating the effect that the standard will have on its consolidated financial statements.

Subsequent events

Management has evaluated subsequent events through September 26, 2019, the date the consolidated financial statements were available to be issued. See Note 17 for information regarding subsequent events.

Note 3 – Liquidity and Availability of Resources

Financial assets, without donor restrictions, available for general expenditure within one year of the consolidated statement of financial position date, comprise the following at June 30:

	2019	2018
Cash and cash equivalents	\$ 4,477,568	\$ 3,927,767
Accounts receivable	1,311,032	496,671
Pledges receivable	915,483	1,076,259
Investments	2,545,255	3,646,170
Invested operating reserves	 3,871,948	5,103,458
	\$ 13,121,286	\$ 14,250,325

Food Bank maintains a policy of structuring its financial assets to be available as its general expenditures, liabilities and other obligations come due. Food Bank regularly monitors liquidity required for operations through a rolling twelve-month cash forecast, which is provided to the Board of Directors on a monthly basis. On a quarterly basis, the actual and forecasted cash position is reviewed by the Treasurer, Finance Committee and the Board of Directors.

Food Bank has various sources of liquidity at its disposal, including cash, cash equivalents, investments without restrictions, operating reserves invested in certificates of deposit, and pledge payments due in the coming year. Investments held as either donor or board designated endowment, or otherwise restricted, are not available for general expenditures and, therefore, are not included above.

Note 4 – Pledges and Grants Receivable

Pledges and grants receivable are as follows at June 30:

	2019	2018
Less than one year One to five years	\$ 915,483 2,626,326	\$ 1,076,259 2,051,856
Total pledges and grants receivable Less allowance for uncollectible pledges Less discount to present value	3,541,809 (38,448) (245,932)	3,128,115 (36,722) (210,394)
Net pledges and grants receivable	\$ 3,257,429	\$ 2,880,999

Pledges receivable expected to be received in more than one year are discounted at 6.5% for 2019, and 6% for 2018. Substantially all pledges and grants receivable are restricted for use in a future period or for a specific program of the Food Bank.

Note 5 – Inventory

Inventory is comprised of the following at June 30:

	2019	2018
USDA contributed food	\$ 1,265,902	\$ 469,569
Purchased food	987,912	1,107,509
Other contributed food	5,531,610	3,999,534
	\$ 7,785,424	\$ 5,576,612

Note 6 – Property, Plant and Equipment

Property, plant and equipment is comprised of the following at June 30:

	Useful <u>Life</u>	2019	2018
Land		\$ 364,655	\$ 364,655
Building	39 years	19,119,398	19,122,435
Furniture and fixtures	5 - 7 years	890,243	890,243
Transportation equipment	3 - 5 years	1,278,539	1,473,645
Warehouse equipment and improvements	5 - 7 years	3,418,809	3,326,926
Agency equipment	5 - 7 years	967,161	967,161
Computer software	3 - 5 years	1,135,131	1,135,131
Construction in process		46,269	_
		27,220,205	27,280,196
Less: accumulated depreciation		12,032,867	11,172,613
Property, plant and equipment, net		\$ 15,187,338	\$ 16,107,583

Note 7 – Capital Lease Obligation

During 2019, Food Bank entered into new leases for transportation equipment that will expire in various years through March 2026. Leased property under capital leases for the years ended June 30, 2019 and 2018, include rolling stock and fleet car assets of \$1,449,793 and \$1,035,006, with accumulated amortization of \$95,522 and \$799,258, respectively.

Following is a schedule of the future minimum lease payments under capital leases which approximates the present value of the net minimum lease payments as of June 30, 2019:

Year ending June 30,		
2020	\$	208,428
2021		208,428
2022		208,428
2023		208,428
2024		184,369
Thereafter		351,098
Total minimum lease payments	\$	1,369,179

Note 8 – Handling Fees

Member agencies were charged up to \$0.19 per pound of food distributed for the years ended June 30, 2019 and 2018, for their share of Food Bank's operating expenses. Purchased products can carry a handling fee of up to \$0.19 per pound in both 2019 and 2018. The Emergency Food Assistance Program (TEFAP) product did not carry a handling fee. Total agency handling fees were approximately \$750,000 and \$774,000 for years ended June 30, 2019 and 2018, respectively.

Note 9 – Employee Benefit Plans

Food Bank has a defined contribution retirement plan covering all employees who have been employed by Food Bank for one or more years. Food Bank may make contributions to the plan annually at the discretion of the Board of Directors (the Board). Contributions for the years ended June 30, 2019 and 2018, were \$129,522 and \$128,915, respectively.

Note 10 – Beneficial Interests in Assets Held by Community Foundations

Food Bank is the beneficiary of certain endowment funds at the Oklahoma City Community Foundation (OCCF) and The Communities Foundation of Oklahoma (CFO). OCCF and CFO are not-for-profit entities that provide for endowment transfer contributions to be pooled to maximize return on investments for the benefit of area not-for-profit organizations. Transfers to the endowment funds are permitted by not-for-profit entities, as well as contributions by individual donors in the community who designate the beneficiary of their contributions. OCCF and CFO maintain variance power and legal ownership over all assets transferred and contributed. Earnings on these endowed funds are distributed annually in accordance with the terms of the endowment and spending policies of each foundation.

Food Bank made no contributions to OCCF or CFO for the years ended June 30, 2019 or 2018. The fair value of endowed funds transferred by Food Bank to OCCF and CFO at June 30, 2019 and 2018, including reinvested earnings and net of distributions, are reflected in the consolidated statements of financial position as beneficial interests in assets held by community foundations.

The fair value of endowed funds held by OCCF that were contributed directly to OCCF by donors for the benefit of Food Bank was \$248,340 and \$243,856, at June 30, 2019 and 2018, respectively. The fair value of endowed funds held by CFO at June 30, 2019 and 2018, for the benefit of Food Bank that were contributed directly to CFO by donors, was \$43,943 and \$44,046, respectively. These endowed funds are not reflected in Food Bank's accompanying consolidated statements of financial position.

Note 11 - Endowment Funds

The Board interprets Oklahoma law as requiring the preservation of the fair value of the original donor-restricted endowment funds as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result, Food Bank classifies net assets with donor restrictions by (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by Food Bank in a manner consistent with the standard of prudence prescribed by Oklahoma law and in accordance with original donor stipulations, if any.

Food Bank has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment. Endowment assets include those assets of donor-restricted funds that Food Bank must hold either in perpetuity or for a donor-specified period of time. Under this policy, as approved by the Board, the assets are to be invested with the objective of preserving the long-term, real purchasing power of assets while providing a relatively predictable and growing stream of annual distributions to support Food Bank.

To satisfy its long-term rate-of-return objectives, Food Bank relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Food Bank targets a diversified asset allocation that places a greater emphasis on equity-based investments (a maximum position of 70% and a minimum position of 50%) to achieve its long-term return objectives within prudent risk constraints. However, if at any time the value of the funds falls below the fully funded corpus amount, the Board will not make an expenditure request.

Food Bank maintains the following endowments:

- Donald W. Reynolds Distribution Center Endowment Fund. This endowment fund was originally established as a permanent donor-restricted fund created to provide earnings for the ongoing maintenance of Food Bank's distribution facility, the Donald W. Reynolds Distribution Center. During fiscal year 2013, the donor re-designated this fund from assets required to be held in perpetuity to purpose-restricted assets, making them available for use. Donald W. Reynolds Foundation, the donor, ceased active operations effective December 31, 2017. While Food Bank is expected to adhere to and satisfy the stated provisions of the original grant, variance power over this fund was effectively transferred to the Board of Directors of Food Bank. Accordingly, in the 2018 fiscal year, this fund was reclassified within the endowment from restricted (net assets with donor restrictions) to board designated (net assets without donor restrictions).
- Donald W. Reynolds Foundation Restricted Fund. This fund is a donor-restricted fund created to provide earnings for the ongoing operations of the programs offered by Food Bank. It is the intent of the Donald W. Reynolds Foundation that the life of the Restricted Fund for Programs would be a minimum of 20 years with earnings, dividends, capital gains and 5% of the corpus being available each year to fund programs. Donald W. Reynolds Foundation, the donor, ceased active operations effective December 31, 2017. While Food Bank is expected to adhere to and satisfy the stated provisions of the original grant, variance power over this fund was effectively transferred to the Board of Directors of Food Bank. Accordingly, this fund was reclassified within the endowment from restricted (net assets with donor restrictions) to board designated (net assets without donor restrictions).
- Childhood Hunger Endowment Fund. This endowment fund is a donor-restricted fund, to be held in perpetuity, created to provide earnings for Food Bank's Childhood Hunger program.
- Equipment Restricted Endowment Fund. This fund includes board-designated and donor-restricted amounts created to fund the orderly replacement and major repair of vital equipment and rolling stock used in warehouse and distribution operations. At June 30, 2019 and 2018, \$673,260 and \$702,311, respectively, of this fund is held by CFO (see Note 10).
- Endowment funds held by community foundations (see Note 10).

The Food Bank's endowment net asset composition, by type, is as follows at June 30:

	2019	2018
Donor restricted endowment funds Board designated endowment funds	\$ 2,317,492 2,545,266	\$ 2,472,920 3,646,181
Total endowment	\$ 4,862,758	\$ 6,119,101

2010

2010

Changes in Food Bank's endowment fund net assets for the years ended June 30 consist of the following:

	With Donor Restrictions			
	Without Donor Restrictions	Time/ Usage	Perpetual	Total
Endowment net assets, June 30, 2018	\$ 3,646,181	\$ 964,154	\$ 1,508,766	\$ 6,119,101
Investment gain (loss): Investment income Net appreciation (realized and unrealized) Investment fees	80,134 114,686 (15)	77,555 67,456 (7,762)	- - -	157,689 182,142 (7,777)
Net investment gain	194,805	137,249	-	332,054
Contributions Appropriations for expenditure	10,000 (1,305,720)	(293,677)	1,000	11,000 (1,599,397)
Endowment net assets, June 30, 2019	\$ 2,545,266	\$ 807,726	\$ 1,509,766	\$ 4,862,758
Endowment net assets, June 30, 2017	\$ 1,338,604	\$ 2,496,580	\$ 1,401,399	\$ 5,236,583
Investment gain (loss): Investment income Net appreciation (realized and unrealized) Investment fees	28,676 74,408 (15)	103,211 89,903 (7,748)	- - -	131,887 164,311 (7,763)
Net investment gain	103,069	185,366	-	288,435
Contributions Appropriations for expenditure Endowment reclassification	(74,000) 2,278,508	1,350,670 (789,954) (2,278,508)	107,367	1,458,037 (863,954)
Endowment net assets, June 30, 2018	\$ 3,646,181	\$ 964,154	\$ 1,508,766	\$ 6,119,101

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or state law requires Food Bank to retain as a fund of perpetual duration. There were no such deficiencies for the years ended June 30, 2019 or 2018.

Note 12 – Commitments

Food Bank has a contract with the Oklahoma Department of Human Services (ODHS) under which it receives and distributes, as a subrecipient, USDA contributed food and receives reimbursement of related storage and distribution costs. The current contract period runs from October 1, 2018 through September 30, 2019.

The funds available under this contract are restricted to purposes and activities approved by ODHS during the contract period. For the years ended June 30, 2019 and 2018, under this contract the Food Bank recognized revenue and support of approximately \$8,900,000 and \$4,500,000 for contributed food and \$1,500,000 and \$742,000, respectively, for reimbursement of costs.

Note 13 – Fair Value Measurements

The FASB Accounting Standards Codification established a consistent framework for measuring fair value and fair value hierarchy based on the observability of inputs used to measure fair value.

These inputs are summarized in the three broad levels listed below:

- Level 1 Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at June 30, 2019 or 2018. During the years ended June 30, 2019 and 2018, there were no transfers of financial instruments between Level 1 and Level 2 or transfers into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

The fair value of investments in money market funds, exchange traded funds, equity securities, U.S. treasury securities and pooled mutual funds are based upon quoted market prices for identical assets and are classified within Level 1.

Beneficial interest in assets held by others is measured at fair value using Level 3 inputs. Since OCCF and CFO maintain variance power for the beneficial interests held, there is no potential market for the beneficial interests or similar assets. Consequently, the valuation is determined by aggregating the valuation of the underlying investments of the beneficial interest. The underlying investments include cash equivalents, corporate obligations, equity securities and other investments. The fair values of the underlying investments are based on quoted prices from active and inactive markets.

The following table sets forth by level, within the fair value hierarchy, Food Bank's assets that are measured at fair value on a recurring basis as of June 30, 2019:

	Level 1	Level	2	Level 3	Total
Cash, money market funds, and					
certificates of deposit	\$ 4,509,683	\$	-	\$ -	\$ 4,509,683
Equity securities	1,212,985		-	-	1,212,985
Pooled mutual funds	1,660,865		-	-	1,660,865
U.S. treasury securities	199,359		-	-	199,359
Exchange traded funds	526,069		-	-	526,069
Total investments Beneficial interest in assets held at	8,108,961		-	-	8,108,961
OCCF and CFO			-	837,626	837,626
Total assets at fair value	\$ 8,108,961	\$	-	\$ 837,626	\$ 8,946,587

The following table sets forth by level, within the fair value hierarchy, Food Bank's assets that are measured at fair value on a recurring basis as of June 30, 2018:

	Level 1	Level 2	Level 3	Total
Cash, money market funds, and				
certificates of deposit	\$ 5,668,969	\$ -	\$ -	\$ 5,668,969
Equity securities	2,020,308	-	-	2,020,308
Pooled mutual funds	1,697,658	-	-	1,697,658
U.S. treasury securities	393,820	-	-	393,820
Exchange traded funds	575,672	-	-	575,672
Total investments Beneficial interest in assets held at	10,356,427	-	-	10,356,427
OCCF and CFO	-	-	866,132	866,132
Total assets at fair value	\$ 10,356,427	\$ -	\$ 866,132	\$ 11,222,559

The following table summarizes the changes in fair value of the Food Bank's Level 3 financial assets for the year ended June 30:

	Beneficial Interests in		
	Assets Held by		
	Community Foundations		
	2019 2018		
Balance at July 1	\$ 866,132	\$ 825,573	
Net investment performance	13,218	47,572	
Distributions to the Food Bank	(41,724)	(7,013)	
Balance at June 30	\$ 837,626	\$ 866,132	

The summary of changes in fair value of Level 3 assets has been prepared to reflect the activity in the same categories as those provided to the Food Bank by OCCF and CFO. Net investment performance includes realized and unrealized gains (losses) on investments, investment income and administrative fees. Distributions from OCCF and CFO decrease the Food Bank's beneficial interest and increase cash at the time of distribution. The change in value is included in net unrealized and realized gain on investments in the statements of activities.

Note 14 – Net Assets with Donor Restrictions

Net assets with donor restrictions are available for the following purposes at June 30:

	2019	2018
Subject to expenditure for specified purpose:		
Food resource centers and capital campaign	\$ 29,283	\$ 154,283
General operating	2,856,966	2,783,034
Childhood hunger programs	477,488	325,133
Restricted fund for programs	750,469	-
Disaster relief	752,131	555,234
Organizational sustainability and improvement	1,590,358	1,704,960
Other	407,658	524,509
	6,864,353	6,047,153

Not available for appropriation or expenditure: Endowments held in perpetuity

1,5	09,766	1,508,766
\$ 8,3	74,119	\$ 7,555,919

Net assets held in perpetuity of \$1,509,766 and \$1,508,766 at June 30, 2019 and 2018, respectively, include funds held in Food Bank's endowment to support equipment maintenance, operations and childhood hunger programs (see Note 11).

Note 15 – Supplemental Cash Flow Disclosures

In fiscal year 2019, Food Bank acquired equipment of \$1,423,805 through new capital lease obligations. During fiscal year 2018, Food Bank donated two buildings to affiliated food and resource centers. The net book value of these buildings was approximately \$1,870,000 and is recorded as an expense in the accompanying 2018 consolidated statement of activities.

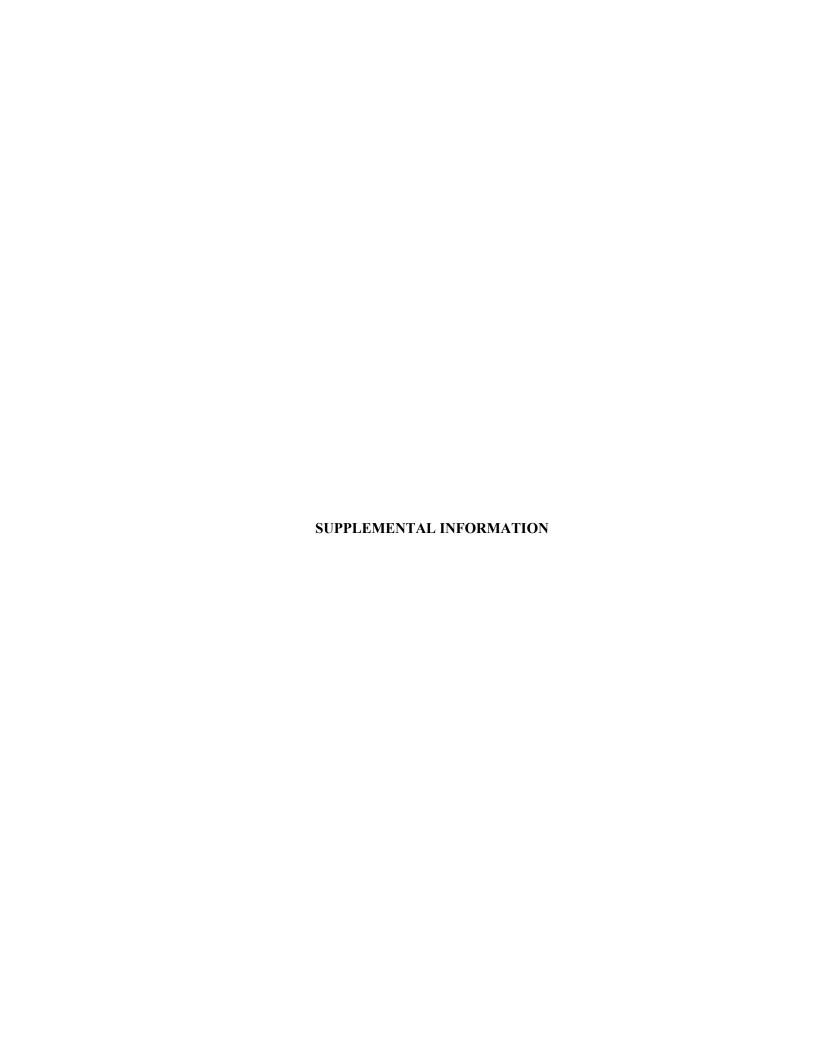

Note 16 – Related Party Transactions

Food Bank has pledge receivables of approximately \$835,000 and \$1,102,000 at June 30, 2019 and 2018, respectively, from members of the Food Bank's Board of Directors.

Note 17 – Subsequent Events

In August 2019, Food Bank was awarded the Chickasaw Nation Packed Promises Program contract. The contract allows Food Bank to distribute a maximum of 2,500 boxes of food per month (approximately \$1,600,000) directly to program participants in fiscal year 2020. The contract will be in effect through September 2024.

In August 2019, the Food Bank became an owner of 15 shares of the Associated Wholesale Grocers organization, which will provide opportunities to receive discounts on purchased foods.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year ended June 30, 2019

Note 1 – Summary of Significant Accounting Policies

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Regional Food Bank of Oklahoma Inc. (RFB) and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the consolidated financial statements.

Note 2 – Indirect Cost Rate

RFB has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3 – Nonmonetary Assistance

Nonmonetary assistance is reported in the accompanying schedule of expenditures of federal awards based on amount received. At June 30, 2019, RFB had U.S. Department of Agriculture commodities inventory of \$1,265,902.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Regional Food Bank of Oklahoma, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Regional Food Bank of Oklahoma, Inc., its subsidiary, FoodLink LLC and its affiliate, Regional Food Bank Foundation (d/b/a Regional Food Bank of Oklahoma, collectively referred to as Food Bank) which comprise the consolidated statement of financial position as of June 30, 2019, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated September 26, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Food Bank's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Food Bank's internal control. Accordingly, we do not express an opinion on the effectiveness of Food Bank's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Food Bank's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Regional Food Bank of Oklahoma, Inc.

Report on Compliance for Each Major Federal Program

We have audited the Regional Food Bank of Oklahoma, Inc., its subsidiary, FoodLink LLC and its affiliate, Regional Food Bank Foundation (d/b/a Regional Food Bank of Oklahoma, collectively referred to as Food Bank) compliance with the types of compliance requirements described in *OMB Compliance Supplement* that could have a direct and material effect on each of Food Bank's major federal programs for the year ended June 30, 2019. Food Bank's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Food Bank's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Food Bank's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Food Bank's compliance.

Opinion on Each Major Federal Program

In our opinion, Food Bank complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of Food Bank is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Food Bank's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Food Bank's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
